

Citrus Heights Water District

The Perfect Plant Webinar Resources

(You may need to copy and paste links into your web browser.)

Utility/ Soil Preparation:

- Before you dig: Call 811 for underground utility locations

Plants:

- Great plant list! Roseville's WaterSmart Plant List for the Sacramento Region: roseville.ca.us/plantlist
- New Sunset Western Garden Book: Interactive Edition: sunset.com/garden/interactive-western-garden-book
- Of course, the actual book: "The New Sunset Western Garden Book"
- UC Arboretum All-Star Plant Database: arboretum.ucdavis.edu/plant-database (Plants tested for the Sacramento Valley)
- California native plants: Calscape.org (California Native Plant Society), CNPS.org
- Water-wise Gardening in the Gold Country Region: rwa.watersavingplants.com

Habitat Plants:

- California Native Plants: Calscape.org (California Native Plant Society), CNPS.org
- nwf.org (National Wildlife Federation) for general wildlife habitat information. Check out the video "Nature's Best Hope" by Doug Tallamy (search Doug Tallamy on the NWF site), great resource!

Trees:

- Sacramento Tree Foundation: SacTree.org; for the Shady Eighty Trees SacTree.com/shady80
- Irrigating trees: beyondthedrought.com/videos/trees_video.html

Invasive Plants:

- PlantRight: plantright.org
